The new Orillia Public Library will be an important community hub for the children, families, individuals, seniors, businesses and visitors of Orillia – our downtown link to the world.

We need your support today to complete our new, state-of-the-art library. Your donation will help purchase essential library equipment, furnishings and collections.

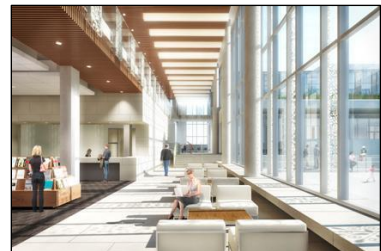

I would like my donation to support:

- The area of greatest need
- Children’s Department
- Local History and preserving local heritage
- Accessibility, technology and infrastructure
- Improving special collections

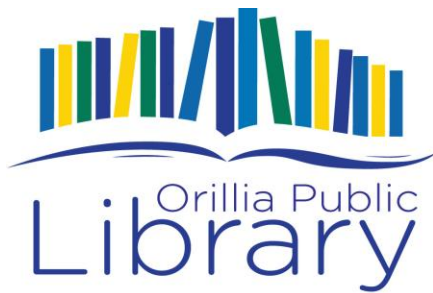

Naming opportunities for rooms, equipment and furnishings are available for all donations of \$1,000 or more. Please see the reverse side for the list of available items.

Donations of \$1,000 or more will appear on the library donor wall.

Charitable receipts will be issued for donations greater than \$10.
